

## JOIN US AT THE CONVENTION OPENING RECEPTION

Please join us on Thursday, November 2nd at 7:30pm for the Convention's Opening Reception! After settling in and perhaps taking a walk through the Country Club Plaza, which is considered to be the nation's first suburban shopping center, and was influenced by the classical architecture of Seville, join us at the hotel on the Plaza Terrace, to start the convention.

Pi Gamma Mu's first national convention was in 1928 in Chicago, and much like at that convention, the focus will be sharing academic knowledge. However, opening night is also about fun! We will hold the traditional Roll Call of Chapters, collect paperback books for the Kansas City Veteran's Affairs Medical Center, and have an action-packed trivia game (hint- a few answers may be found in this very blurb). While you will not get a chance to challenge yourself against Pi Gamma Mu members such as Jane Addams (first female winner of the Nobel Peace Prize), Lyndon B. Johnson (U.S. President), or Richard E. Byrd (first person to fly over the North and South Poles, and a PGM honorary national president), the competition will be steep! So hone up on your pop culture, Pi Gamma Mu history, and general social science knowledge. Oh, and as Kansas City is an amazing place, with sites such as Swope Park (which is almost double the size of New York's Central Park) there might be a few K.C. questions as well!
